Mission / Vision Statement

To instill respect, kindness, and compassion for animals as community values.

Internships

None listed

Volunteer Projects

Cat Kennel Assistants or Small Animal Kennel Assistant

Cat kennel assistants make sure specified kennels are clean and presentable, replace old toys and blankets, and feed the animals.

Cat Socialization or Dog Socialization

Cat or Dog Socialization volunteers help provide exercise, grooming, enrichment, training, and affection to the CCHS cats or dogs.

Small Animal (Critter) Socialization

Small-Animal Socializers provide exercise, grooming, enrichment, training, and affection to the CCHS critters.

General Orientation, Training, Tour as well as a position-specific training are required. More advanced positions require prerequisites. To visit Champaign County Humane Society website for more information including trainings and shift times, please [follow this link](#).

Fostering

Foster parents provide a temporary home for animals who need a little extra tender loving care. Animals needing foster care might be sick, injured, scared, nursing a litter, or pregnant. For more information [follow this link](#).

Medical Lab Program

Medical Lab Volunteers help maintain the health of our animal population by administering treatments and performing exams.

Special Events

Special Events Volunteers represent CCHS at off-site events, fundraisers and events to raise awareness about CCHS, its mission, the animals available for adoption, and the humane treatment of animals are included.
