## BASIC PLAN

### Introduction

Parkland College has the capability of, and the primary responsibility for, emergency response and recovery from emergency/disasters that affect the Campus. When these capabilities are exceeded, assistance from the Champaign County Emergency Management Agency is available. When Campus and Champaign County capabilities are exceeded, State of Illinois assistance is available through the Illinois Emergency Management Agency.

The Parkland College CEOP is a guide for the campus response and recovery operations and outlines the specific actions in support of local and Champaign County response and recovery activities. The first responders follow the National Incident Management System (NIMS) and the Incident Command System (ICS) when responding to emergencies/disasters.

---

#### D. Critical Infrastructure/Transportation

There are 2,652 miles of streets and highways in Champaign County. The major transportation routes are:

---

Within Champaign County there are 11 police stations, one Illinois State Police district headquarters, 28 fire stations, 31 public works/township/highway 4()-2(4()-2(4()-2(4()-2(4()-2(4()-2(4()

incident. The Campus Crisis Management Team members and numerous Department of Public Safety staff members

- 
- c) Notify the Vice President for Academic Services that the emergency operations plan has been activated.
  - d) Act as liaison with campus administration and external jurisdictions.
  - e) Convene the Parkland College Crisis Management Team at A160 or an alternate site, which would be named at the time of the current incident.
  - f) Assure that the Parkland College response include one person fulfilling the responsibilities outlined in sections that follow. Designate a Community Relations Director with the Community Relations Director officer and other campus units. If the Physical Plant unit is providing major support to the unit, Parkland College may consider assigning a Community Relations Director to assist in coordinating the Physical Plant response activities.
  - g) Advise the Crisis Management Team (as needed) concerning the status of  
h #  
affected facilities.
  - h) Contact the Crisis Management Team in the event of an after-hours emergency or institute the appropriate call-back procedure.

The

---

## Campus Facilities and Services

Campus Physical Plant Department will provide damage assessment, information on campus buildings and other facilities and critical infrastructure.

## Public Health

The Champaign-Urbana Public Health District will investigate sanitary conditions, provide public health education, lead epidemic control efforts, inspect food and water supplies, and support Campus EOC.

## Emergency Food and Shelter

The American Red Cross, Central Illinois Chapter will provide shelter and food during emergency situations, assist with registration at critical facilities, and support Campus EOC.
